1. Message from WKO President

Dear Branch Chiefs and Contacts,

Time flies quickly, and it is already 1 month into the year. In Japan, we are still in the cold winter, but we also feel the warm welcome being prepared for the Olympics in the summer. Although the competition and event may be different, the scenes in various media, of the athletes doing their best to prepare for the world's highest stage, touch my heart very much. I sincerely wish for them to leave no regrets in their preparation, and challenge for their dream in their best condition. As for our Full Contact Karate, with the holding of the 1st World Fullcontact Karate Championship on May 30-31, we would like to widely promote to the world, the presence and world standard of the competition, and the great performance of the competitors.

As a part of the new year events, we held the annual Kagami Biraki training at the Gokokuji Temple where Sosai Oyama rests in peace, on January 12. More than 300 members, including the Japan Region Branch Chiefs/Contacts and the All Japan National Team members, took part in the training in respect of Sosai Oyama, the founder of Full Contact and Kyokushin. By starting our year with this training, we are able to clear our minds, and return back to our origin, which we should never forget. We sent our Kiai to Sosai in heaven, prayed silently in front of his grave, and promised our continuous efforts throughout the year.

I attended the 1st European Fullcontact Karate Championship that was held in Belgium on January 18-19. I wish to express my sincere respect towards the organizers, Shihan Koen Spitaels, Shihan Martin Michel, and all of the related people. I am also glad that the selection tournament for the above-mentioned World Championship was prepared and organized in cooperation with the other organizations in the region. "Tournaments create organizations, and develop people". Based on this idea, we promoted the building of the world organization, in parallel with the preparation for the World Championship, and it is good to see this materialize in Europe. This is due to the long-term effort and patience by the WKO Europe Region and EKO Board Members that led the overall project and tackled various difficult issues in cooperation with the WKO and non-WKO members, and I sincerely appreciate their great work. During the tournament, we were able to have meals and meetings with the non-WKO members in the

Europe Region, and it was good to see them encourage their competitors. I believe that the exchange between Full Contact Karate groups in Europe will accelerate, and I will be looking forward to seeing a strong and united Europe team at Osaka in May. In addition, I received a report that Russia established a Full Contact Karate organization in December 2019, and that the competitors representing the region have been selected at the 1st unified tournament. I would like to express my sincere appreciation towards the steady activities and promotion in the regions around the world.

The trend to standardize Full Contact Karate in the world will gain momentum in 2020. The 1st WFKO Board Meeting will be held at the opportunity of the tournament in May, and WFKO will mark its official founding. In such times of change, we need to be careful in determining what we need to adapt to, and what we need to maintain, so that we can move forward on our ideal path. The above-mentioned origin. We need to maintain a strong WKO identity in our hearts and minds. Being the strongest, increases the presence in the Full Contact Karate world, and enables further development as a great organization. Our main policies of nurturing youth, social contribution, and international exchange, are supported by our strength. Such strength is built and guided by the leadership and teachings of the instructors around the world. As we expect our competitors to make use of each moment of each day and train very hard, we need to be passionate and have strong resolve in our teachings, even more than the competitors expect from us.

I sincerely hope for the great performance of the WKO competitors around the world at the World Fullcontact Karate Championship in May.

③. Various Forms

The WKO Office would like Branch Chiefs and Contacts to use the designated form when they contact us. We have:

- Order and Payment Form (for payment of grading fees, annual fees, membership fees)
- WKO Official Invitation Letter Form (for inviting Japanese instructors)
- Request Form for Invitation Letter (for whom needs Visa to enter Japan)
- Application Form for a Candidate of new Branch Chief & Contact

Although we understand that some Branches/Countries have their own method, the forms helped us to do administrative work efficiently, and we appreciate your kind understanding.

④. Invitation of Japanese Instructors

The WKO office receives numerous invitations for Japanese instructors every year. Standard procedure calls for the Official Invitation Letter to be sent to the WKO Office with the necessary information filled in. The invitation becomes official only when the letter arrives at the WKO Office. Please refrain from direct negotiations with Japanese instructors, for it will only lead to problems in the future. Finally, we would like for all to understand that an agreement based on direct negotiations will not be considered an official invitation.

⑤. Acceptance of Students from Overseas Branches

Every year, numerous students from overseas branches visit Japan for the purpose of training. When a student wishes to visit Japan for training, standard procedure calls for the Branch Chief or Contact (who the student belongs to) to contact the WKO Office of the ideal time frame, dojo, and detailed information (name, dan/kyu, age, etc.) of the student. The WKO Office will confirm the content of the request with the Branch Chief/Contact of the dojo in Japan. In a case where an overseas student goes forth with his/her training in Japan without consulting the WKO Office, it would delay the response time of the WKO Office if an emergency happened to occur. To assure the safety of the students, we ask for everyone's cooperation in this matter.

⑥. Centralization of communication between Overseas Branches

It is required that communication (related to events within the organization) between Overseas

Monthly Newsletter World Karate Organization

Branches and Japanese Branch Chiefs & Contacts be exchanged through the WKO Office. Translation of documents (Japanese⇔English) will also be managed by the WKO Office. In order to avoid any unnecessary problems and confusion, we ask for everyone's cooperation in the centralization of communication between overseas branches.

1. The five referees including the main referee shall judge the competition. However, the final decision rests with the Head Judge.
2. Since the decision should be a majority decision, in case of IPPON, WAZA-ARI, HANSOKU, JOGAI, HANTEI, etc, the decision is valid if at least three out of the five referees support it. A decision not supported by the majority, that is less than three of the referees, or a decision supported by only the Main Referee is not valid. However, any of the five referees has the right to protest a decision and claim further discussions. In the discussions, a monitor (video image) might be used as a reference.
3. The weighing shall be done with the attendance of referees before the competition.
4. If there is a weight difference of more than 7kg between the weight in the application and the weight checked before the competition, the competitor will be disqualified.
5. In case a competitor cannot continue the bout due to the opponent's YUKO WAZA (effective attack), HANSOKU WAZA (foul attack) etc., the tournament doctor may give a "doctor's stop" after consulting with the five referees or the Head Judge.
 - a) In case of HANSOKU WAZA, the competitor who made the foul attack loses the bout. The opponent will be the winner of the bout, but will not be able to continue on to the next bout.
 - b) In case of YUKO WAZA (Effective attack), if the opponent is so seriously damaged by the attack that they will not be able to continue on to the next bout, they will lose the bout.

Kumite Rules

1. The time of the bouts is as provided later.
2. Victory is awarded to the competitor who has scored one full point (IPPON) or the one who has won by decision (including WAZA-ARI - half point) or the one whose opponent has been charged with a foul, or whose opponent has been disqualified.
3. The competitors shall enter the competition mat from opposite sides and stand by two lines, red and white, in the center of the fighting area, taking postures of FUDODACHI, facing the front.

4. The bout starts with the Main Referee's command HAJIME and ends with the Main Referee's command YAME.
5. In case of any accident during the fight, the Main Referee may stop the bout.

KUMITE (fighting)

Opening of Bout

- 1. Both competitors will be called to enter the competition mat by the tournament assistant.
- 2. The Main Referee shall stand in the center between both competitors, and give the commands SHOMEN NI REI (Bow to front), SHUSHIN NI REI (Bow to Main Referee), OTAGAI NI REI (Bow to each other), and then the bout will start with his commands KAMAETE (Take fighting position) and HAJIME (Start).

During the Bout

- 1. The corner referees shall show IPPON, WAZA-ARI, HANSOKU and JOGAI by blowing the whistle and showing their judgment with flags. The Main Referee shall give the command YAME (stop) and instruct both competitors to go back to their initial positions, and show the judgement result both verbally and physically.
- 2. The signals to be given by the corner referees both by whistles and flags, and the judgments and actions to be given by the Main Referee are as follows:

- a) **IPPON**

Corner Referee – Shall raise diagonally upwards the flag with the color corresponding to the

competitor who got the IPPON and at the same time blow a single long and loud blast on the whistle.

Main Referee – Shall stop the bout by the command YAME, state the color of the raised flags and count them, including himself in the count, state the technique that resulted in IPPON, and raise upwards his arm of the winner's side and declare IPPON.

b) WAZA-ARI

Corner Referee – Shall raise horizontally the flag of the competitor who took the WAZA-ARI, giving a single loud and strong blast on the whistle.

Main Referee– Shall stop the bout by the command YAME, state the color of the raised flags and count them, including himself in the count, state the technique that resulted in WAZA-ARI, and raise horizontally his arm of the competitor's side and declare WAZA-ARI.

c) From WAZA-ARI to IPPON

If the competitor does not stand up within three seconds or does not regain their will to fight within three seconds;

Corner Referee – Shall change the flag position from WAZA-ARI to IPPON, and at the same time blow a single long and loud blast on the whistle.

Main Referee – Shall state IPPON if the majority of the referees, including himself (three or more) has made such a judgment. If less than three referees give IPPON, the judgment will remain WAZA-ARI.

d) HANSOKU

Corner Referee – Shall wave diagonally downwards the flag with the color corresponding to the competitor who made a foul, and at the same time blow several short, loud blasts on the whistle.

Main Referee – In case of a foul being a CHUI, he shall stop the bout by giving the command YAME, state the color of the waved flags, count the number of flags including himself, and then he shall state the action that resulted in HANSOKU, pointing with his forefinger at the competitor who got the CHUI and declare CHUI ICHI. The same action shall be taken in case of CHUI NI.

(In case of directly giving CHUI NI or SHIKKAKU at one foul, the Main Referee must consult with the Corner Referees first.)

e) TSUKAMI-AI, KAKAEKOMI-AI (grappling and clinching each other at the same time)

Corner Referee – Shall wave both flags diagonally downwards, and at the same time blow several short, loud blasts on the whistle.

Main Referee – Shall stop the bout by giving the command YAME, separate both competitors, and in the same manner as the HANSOKU article, give both competitors CHUI ICHI.

f) JOGAI (out of bounds)

Corner Referee – Tapping the floor several times with the flag of the side of the competitor who got JOGAI, he shall blow several short, loud blasts on the whistle.

Main Referee – He shall immediately give the command YAME and call JOGAI, and then bring back the competitors to the center of the fighting area, start the bout again with the command ZOKKOU.

g) FUMEI (unclear)

Corner Referee – Shall cross two flags, and blow a single short loud blast on the whistle.

Main Referee – Shall let the bout go on without any interruption.

h) MITOMEZU (no count)

Corner Referee – Shall cross the two flags and wave them back and forth and blow a single long and loud blast on the whistle.

Main Referee – Depending on the situation, he may declare MITOMEZU.

i) HANTEI-GACHI (victory by decision)

Corner Referee – Shall raise diagonally upwards the flag with the color corresponding to the competitor who is considered to be the winner, and at the same time blow a single loud blast on the whistle.

Main Referee – Shall ask the corner referees for their decision by stating HANTEI O TORIMASU (take decision), HANTEI (decision), declare the color of the flag of the winner, count the number of flags including himself, raise his arm diagonally upwards and declare the color of the flag of the winner.

(The numbers of flags for a draw and for the opponent shall also be counted, even though the number is not enough for a majority decision.)

j) HIKI-WAKE (draw)

Corner Referee – Shall cross the flags in front of his knees, and at the same time blow a single loud blast on the whistle.

Main Referee – Shall count the number of flags indicating a draw and cross diagonally downwards his arms in front of himself, and declare HIKI-WAKE. (The number of raised flags shall also be counted, even though they are not enough for a majority decision.)

k) SHIKKAKU (disqualified)

Corner Referee – Especially for seriously vicious fouls, the corner referee shall request the Main Referee for consultation.

Main Referee – Shall raise diagonally upwards his arm on the side of the competitor who has been disqualified, and then point with his finger in the direction outside the competition mat and declare SHIKKAKU.

3. In case the dogi of the competitor comes into disorder during the bout, the Main Referee may stop the bout, bring back the competitors to their original positions, and adjust the dogi of the competitor or have them adjust it on their own.

End of Bout

1. In case of IPPON or SHIKKAKU;

The Main Referee shall stop the bout and make both competitors face to the front and declare IPPON or

SHIKKAKU, and give commands SHOMEN NI REI (Bow to the front), SHUSHIN NI REI (Bow to Main Referee), and OTAGAI NI REI (Bow towards each other). Then he shall instruct the competitors to leave the competition mat.

2. In case of no IPPON nor SHIKKAKU;

The Corner Referee shall, at the same time as the signal for ending the bout, blow a single long, loud blast on the whistle.

Main Referee - Shall give the command YAME and stop the bout immediately, get the competitors back to their original positions, and make them face the front, and request the Corner Referees for their decision by stating HANTEI O TORIMASU, HANTEI.

Corner Referee – When asked by the Main Referee for HANTEI, he shall raise diagonally upwards the flag on the side of the considered winner and at the same time blow his whistle strongly once. In case the bout being a draw, he shall cross the two flags in front of his knees and at the same time blow a single short, sharp blast on the whistle.

Main Referee – Shall raise the hand of the side he believes to be the winner simultaneously with the Corner Referees, count the number of raised flags including himself, and raise his arm diagonally upwards, declaring the winner if the number of flags of the same color gets the majority. (The numbers of flags for a draw and for the opponent shall also be counted.)

Example (1): “AKA (red) ICHI (1), NI (2) SAN (3), SHI (4) GO (5)” “AKA (red)”

Example (2): “HIKIWAKE (draw) ICHI (1), NI (2), “AKA (red) ICHI (1), NI (2) SAN (3)” “AKA (red)”

In case of a draw, the Main Referee shall count the numbers for a draw, crossing his arms diagonally downwards in his front and declare HIKIWAKE (draw). And he shall proceed to an Extension.

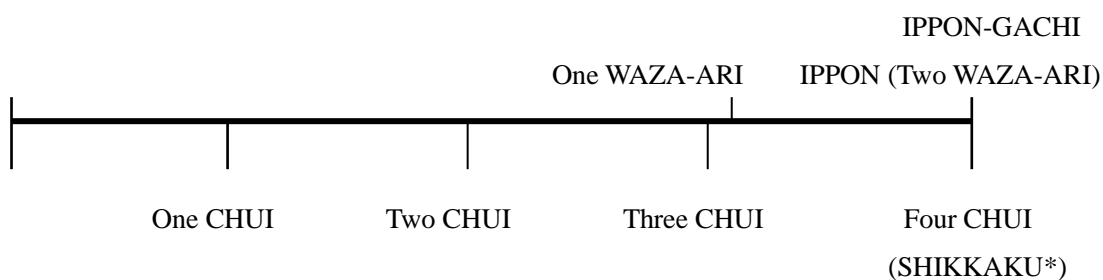

Example: “AKA (red) ICHI (1)”, “HIKIWAKE (draw) ICHI (1), NI (2), SAN (3) and SHI (4)”
“HIKIWAKE (draw)”

3. The Main Referee shall declare the winner, and give the commands SHOMEN NI REI, SHUSHIN NI REI, OTAGAI NI REI and instruct the competitors to leave the competition mat.

JUDGING CRITERIA

Down below is a description of the relation between CHUI (warning) and WAZA-ARI (half-point), which of those two shall be the decisive part in different situations.

1. Judging Criteria (Chart)

* disqualification due to foul

2. Judging Criteria (Description)

① WAZA-ARI and IPPON

0 < One WAZA-ARI < IPPON (Two WAZA-ARI)

② In case there is no CHUI nor WAZA-ARI, and the bout is close

- Damages shall be given the first priority in judging the winner.
- In case of no damage seen in the both competitors, the first priority to judging shall be given to the number of YUKO-DA (effective techniques).
- In case the number of YUKO-DA is the same, priority should be given to the number of techniques (punches and kicks, etc).
- In case there is no difference in numbers of techniques between the two competitors, the one who shows more initiative (fighting spirit, moving forward, attacking first) will win the bout.
- For the final extension, the referees must make a decision based on the dominance of either fighter.

IPPON > WAZA-ARI > Damage > YUKO-DA > Number of Techniques > Initiative (fighting spirit, moving forward, attacking first)

③ In case of one competitor having one CHUI more than the other, this does not influence the decision much. The decision shall be made mainly on the contents of the fight. However, in case of a final extension, if there is no difference in the fighting between the two competitors, the one with one CHUI will lose the bout.

< < <
0 = One CHUI = Two CHUI = Three CHUI > Four CHUI
> > >

④ In case of a difference of two CHUI, the one who has got two more CHUI will lose. However, if he is obviously leading his opponent (on a scale of 8:2 or more), it is possible to make a draw.

0 ≥ Two CHUI
One CHUI ≥ Three CHUI

⑤ In case of a difference of three CHUI, the one who has got three more CHUI will lose, no matter how much he is leading the fight.

0 > Three CHUI

⑥ When one competitor has both WAZA-ARI and CHUI, the WAZA-ARI is prioritized and that competitor will win. However, depending on the number of CHUI and content, it may be judged like down below:

- a) 0 < WAZA-ARI + One CHUI
b) 0 < WAZA-ARI + Two CHUI
c) 0 ≤ WAZA-ARI + Three CHUI

In principle, the competitor holding one WAZA-ARI and three CHUI is the winner, but if the opponent is leading the fight very clearly (on a scale of 8:2 or more), it is possible to give a draw.

- d) 0 > WAZA-ARI + Four CHUI

Even if one has one WAZA-ARI, Four CHUI will disqualify the competitor.
