1. Message from WKO President

Dear Branch Chiefs and Contacts,

This will be the last newsletter for this year. In Japan, we have entered the winter season, and the weather is getting quite cold. I trust that you are all doing fine in your country and region. In this prolonged COVID-19 crisis, there are signs that we are gradually reaching the end of the tunnel, while adjusting and renovating our society to coexist with the virus, but at the same time, with the emergence of the new variant, we cannot let our guard down, and we still need to maintain a cautious stance.

The 53rd All Japan Open Karate Championship was held on December 12 in Osaka. Although there were COVID-19 related restrictions, we were able to hold a tournament with the presence of spectators for the first time in 2 years. It was a great pleasure to welcome the supporters of WKO, and I was grateful that we were able to enjoy the true essence of Full Contact Karate in the same atmosphere. This was also the case for the tournament we held last year without spectators, but I sincerely appreciate the financial support from our sponsors, despite the serious damage to the economy due to the COVID-19 crisis. As a result, the tournament was filled with appreciation and dignity. In the arena, due to the COVID-19 related restrictions, support was expressed by the clapping of hands. Even without any words or voices, the strong feelings and wishes could be felt, and the sound became a special tone for everyone. The spectators also demonstrated their kind cooperation and understanding towards the many restrictions related to COVID-19. For the competitors participating in tournaments organized during this COVID-19 crisis, the sense of appreciation is more important than ever. In response to the mind of the organizer, the competitors demonstrated the result of the trainings they continued despite the COVID-19 related restrictions, and carried out great battles. In each bout, the pure mind of the competitors resulted in techniques, carried out through the well-trained bodies. I was deeply touched by the ultimate balance of mind, technique, and body demonstrated by the competitors.

For the men's category, which had the participation of many strong competitors from various

Full Contact Karate organizations, Kembu Iriki won the strongest tournament for the second year in a row, and the battles he carried out were filled with confidence and dignity. For the women's category, Mihiro Suzuki, at the age of 16, finished in 2nd place in her first All Japan, by battling until the final extension after the decision by weight in the Final. She is the eldest daughter of Shihan Kunihiro Suzuki, who was diagnosed with leukemia two years ago. I was deeply moved by her bouts, where she fought with impressive concentration and diligence, while carrying on her shoulders, the wishes of Shihan Suzuki and the family, who watched from the spectator's seats. In addition, for the non-WKO competitors who became prizewinners in the tournament, especially Kubota, who won the women's category for the third consecutive time, they fought with confidence and dignity, demonstrating the result of their hard training. I hope that the competitors will meet again in this tournament, and that this friendly rivalry will spread beyond the boundaries of organizations. I would like to congratulate and praise the competitors for their great efforts. Based on the results of this tournament, the competitors for the Japan National Team were selected. I am looking forward to the battles that will be carried out in the tournament that will have the participation of the European team and the Russian team, that were decided in the same period, and of course, the teams selected by the other regions in the world.

In the Full Contact Karate world, due to the formation of the unified competition, the united front is gradually being built. This world has a distinctive feature of having a diverse culture, and a foundation based on the coexistence of each school, style, group, and organization, that have their own unique color and identity. I believe that harmony and unity are being promoted in the various regions around the world. When such steps reach concrete stages, such as tournaments and meetings, there may be voices of anticipation and anxiety, but I hope that through discussions and the exchange of ideas, the best path will be chosen by the related members. To teach and give, to be taught and given, the teachings of each school, style, group, and organization. While considering the nobleness of the bond between the teacher and student, that is built, compiled, and woven by the many years of training, and respecting the ideas and viewpoints of the organization, which is a collection of such relationships, let us continue our movement forward.

Through changes and transformations in society to coexist with the virus, we are aiming for the closure of the COVID-19 crisis, but we have seen the recent strengthening of restrictions related to international travel. This may complicate the organization of the 7th World Karate Championship in Weight Categories that is scheduled to be held in Poland on September 24-25, 2022. However, for the competitors that are continuing their training despite the COVID-19 crisis, I would like for us to carry out various measures so that we can realize the organization of this event. With the efforts of the competitors around the world in mind, we will continue our work to prepare and organize a great tournament.

Lastly, the past 2 years of coexisting with COVID-19, have given me the opportunity to reconsider and reexamine myself. What we should consider as important in our WKO. The noble and precious tournaments we organized in this COVID-19 crisis. I would like to express my sincere appreciation towards the kind consideration of those who have supported the events, and I will do my best to make 2022 a fruitful year full of hope. The state of the mind, can be seen in

one's speech and behavior. Based on the principle to "master our mind", let us focus our minds on such actions and expressions, take steps toward the future, and further develop our organization. I would like to conclude my message by wishing all WKO members good health and happiness, and a Merry Christmas and a Happy New Year.

OSU

WKO President

3. Various Forms

The WKO Office would like Branch Chiefs and Contacts to use the designated form when they contact us. We have:

- Order and Payment Form (for payment of grading fees, annual fees, membership fees)
- WKO Official Invitation Letter Form (for inviting Japanese instructors)
- Request Form for Invitation Letter (for whom needs Visa to enter Japan)
- Application Form for a Candidate of new Branch Chief & Contact

Although we understand that some Branches/Countries have their own method, the forms helped us to do administrative work efficiently, and we appreciate your kind understanding.

4. Invitation of Japanese Instructors

The WKO office receives numerous invitations for Japanese instructors every year. Standard procedure calls for the Official Invitation Letter to be sent to the WKO Office with the necessary information filled in. The invitation becomes official only when the letter arrives at the WKO Office. Please refrain from direct negotiations with Japanese instructors, for it will only lead to problems in the future. Finally, we would like for all to understand that an agreement based on direct negotiations will not be considered an official invitation.

(5). Acceptance of Students from Overseas Branches

Every year, numerous students from overseas branches visit Japan for the purpose of training. When a student wishes to visit Japan for training, standard procedure calls for the Branch Chief or Contact (who the student belongs to) to contact the WKO Office of the ideal time frame, dojo, and detailed information (name, dan/kyu, age, etc.) of the student. The WKO Office will confirm the content of the request with the Branch Chief/Contact of the dojo in Japan. In a case where an overseas student goes forth with his/her training in Japan without consulting the WKO Office, it would delay the response time of the WKO Office if an emergency happened to occur. To assure the safety of the students, we ask for everyone's cooperation in this matter.

6. Centralization of communication between Overseas Branches

It is required that communication (related to events within the organization) between Overseas

Branches and Japanese Branch Chiefs & Contacts be exchanged through the WKO Office. Translation of documents (Japanese English) will also be managed by the WKO Office. In order to avoid any unnecessary problems and confusion, we ask for everyone's cooperation in the centralization of communication between overseas branches.

10. Current Status on Payment of Annual Fees as of December 17, 2021
