1. Message from WKO President

Dear Branch Chiefs and Contacts,

Thank you for your continued support towards WKO's activities as always.

Japan is experiencing a hotter summer compared to the past years, and we feel the effect of global warming directly. We also feel the liveliness of inbound tourism as we see a lot of oversea tourists in cities such as Tokyo, Osaka, and Kyoto, after the Corona pandemic along with the effect of depreciation of the yen.

International travel is flourishing again and recently I had the chance to attend an overseas event for the first time after the Corona pandemic. Excluding the World Championship in Weight Categories in Poland last September, the Guam camp in February 2020 was my last trip before the Corona situation became a worldwide concern.

I was invited to the celebration of the Singapore branch's 10th Anniversary of joining Shinkyokushinkai. Looking back at the time, welcoming the Singapore branch was such a memorable event. I remember it vividly as it was one of the biggest transfers after Poland in 2010. The celebration was prepared under the direction of the Country Representative Shihan Patrick Teo, and Shihan Kim Bon Lee. The members looked back at the Singapore branch's history in a video, awarded those who have rendered distinguished service to show their gratitude and respect with memorial plaques, and shared the joy of being together with their comrades. And of course, we worked up a refreshing sweat by training together. In the last decade, WKO has been gaining more and more branches rapidly in proportion to the number of countries and regions. The celebration made me feel how big WKO has grown. Congratulations to the members of the Singapore branch and thank you for inviting me to this opportunity.

In Fullcontact Karate world, the regional tournaments all over Japan have resumed in earnest. The symbolic event was the Karate Dream Festival 2023 National Championship, which took place on July 22nd and 23rd at the Tokyo Metropolitan Gymnasium, with a total of 3127

Monthly Newsletter World Karate Organization

competitors from all over Japan participating in 172 categories, divided by age, weight, gender, and learning level. It marked the largest number of participants in its history. The tournament was visited by more than 30,000 people in 2 days and the largest level Fullcontact Karate Mega event proved a great success. It gave a strong impetus to the 13th World Karate Championship that will be held this fall.

At the Dream Festival, we held a selection tournament for Japanese Kata Competitors competing in the 13th World Championship. Around the tatami for the selection tournament, participants prepared their performance and carefully warmed up for the tournament. Kata competitions obviously have a different type of tension compared to the Kumite venue, where we hear the sound of punches, Kiai, and the electrical beep of the timer. What we hear is the rustling sound of clothes, footsteps, and the voice of Kiai cutting through the silence. The ultimate tension of the Kata competition will make the new attraction in Fullcontact Karate. I'm looking forward to the tournament day when the world's best Kata fighters gather in one place.

On this occasion of the Dream Festival, EKO President Remigiusz Karpinski, the new generation leader of the Europe region, and EKO Vice-President Michael Soderkvist came to observe the world's largest Fullcontact Karate event. As soon as they arrived at the venue, both Shihans went down to the arena to see the bouts closely, encouraged the referee members, and warmly applauded the fighters, showing no signs of fatigue after the long trip. I am assured that the great energy of both Shihans will lead to the further development of the European region.

The main purpose of their visit was to attend the 13th World Championship tournament draw meeting. Major tournaments in Japan have the tournament draw finalized almost 2 months in advance so that the competitors can be well-prepared for the tournament day. In addition, we organize the tournament draw carefully and rapidly, evaluating the seed status fair and square based on the past results of the fighters. It was meaningful to work through this step together with both Shihans. We were able to deepen the mutual friendship between Japan and Europe. I am grateful to both Shihans for their attendance. We ask the competitors to look forward to the announcement of the tournament draw, as it will be out shortly.

WKO is conducting its activities on a 4-year cycle axing on the year of this World Championship (open category). The international meetings and training seminars are held simultaneously. The board members will be re-elected in the General Assembly, and the new board members of each region will be announced. The Japan region also re-elected its board members recently, we will make a fresh start and move forward with the reflections of the past and hopes for the future.

On the closing note, the chaotic international situation remains prolonged. As I mentioned in the previous Newsletter, I hope for the conflicts to calm down and that peace will be restored a day sooner. Karatekas in Russia and Belarus, I see you on social media continuing to train and compete. Believing in our friendship as Karatekas, and doing the best we can in the given situation, we shall wait for the day we reunite again. Let's live up to the time of patience together.

②. Annual Fees

Payment of 2023 Annual Fee was due March 2023

All the Branch Chiefs/Contacts are required to pay the **Annual Fees** (US\$1~\$4 per member) based on the number of members (as of the end of December) they have reported to the WKO Office by the end of January (the following year). If you need an invoice, please contact the WKO Office.

REQUEST from the WKO Office: For those who are paying the annual fees together with other branch(s) in your country, we would appreciate it if you could also provide us with the breakdown, and the number of members of each branch.

NOTE:

* **No order for Black Belts and Dan Grading Certificates can be accepted** from those who have not paid the annual fees.

* **Your Competitors will NOT get the financial support for participation from the World Championship organizer** unless you pay the applicable annual fees.

We accept your annual fees and other payments through one of the following:

(Please do NOT use any other methods such as bank checks or cash. Cash payment with the exact amount may be acceptable only when you are in Japan.)

- **Bank transfer**

③. Various Forms

The WKO Office would like Branch Chiefs and Contacts to use the designated form when they contact us. We have:

- Order and Payment Form (for payment of grading fees, annual fees, and membership fees)
- WKO Official Invitation Letter Form (for inviting Japanese instructors)
- Request Form for Invitation Letter (for whom needs Visa to enter Japan)
- Application Form for a Candidate of New Branch Chief & Contact

Although we understand that some Branches/Countries have their own method, the forms helped us to do administrative work efficiently, and we appreciate your kind understanding.

④. Invitation of Japanese Instructors

The WKO office receives numerous invitations for Japanese instructors every year. Standard procedure calls for the Official Invitation Letter to be sent to the WKO Office with the necessary information filled in. The invitation becomes official only when the letter arrives at the WKO Office. Please refrain from direct negotiations with Japanese instructors, for it will only lead to problems in the future. Finally, we would like for all to understand that an agreement based on direct negotiations will not be considered an official invitation.

⑤. Acceptance of Students from Overseas Branches

Every year, numerous students from overseas branches visit Japan for the purpose of training. When a student wishes to visit Japan for training, standard procedure calls for the Branch Chief or Contact (whom the student belongs to) to contact the WKO Office of the ideal time frame, dojo, and detailed information (name, dan/kyu, age, etc.) of the student. The WKO Office will confirm the content of the request with the Branch Chief/Contact of the dojo in Japan. In a case where an overseas student goes forth with his/her training in Japan without consulting the WKO Office, it would delay the response time of the WKO Office if an emergency happened to occur. To assure the safety of the students, we ask for everyone’s cooperation in this matter.

⑥. Centralization of communication between Overseas Branches

It is required that communication (related to events within the organization) between Overseas

Monthly Newsletter World Karate Organization

Branches and Japanese Branch Chiefs & Contacts be exchanged through the WKO Office. Translation of documents (Japanese⇔English) will also be managed by the WKO Office. In order to avoid any unnecessary problems and confusion, we ask for everyone's cooperation in the centralization of communication between overseas branches.

10. Current Status on Payment of Annual Fees as of July 31st, 2023

Please confirm the attached list.

WKO Executive Director

Tournament draw setting method for the 13th World Karate Championship

We have deployed the ranking system by points based on the below results to make the tournament draw.

1. Ranking of World Championships hosted by Shinkyokushinkai in the last four years.
(12WC and 7WC in Weight categories)
2. Ranking of Regional or National Championship hosted by Shinkyokushinkai in the last two years.
(Open and in Weight categories)

We converted the results into points and added them up to determine the ranking.

As to ② Regional or National Championship ranking, we gave the points only to the best position according to each title.

To set the point, we applied the weighted scoring method, taking the number of prize winners of each region in the past World Championships (Open and in Weight categories) into account. As the Russian region is excluded from this World Championship, we assigned the same points to the Japanese and European regional championships, then differentiated the points by giving the higher points to the Open weight category and the lower points to the weight category championships, then the same procedure has been applied to assign the scores to weight categories, higher points to heavier categories and lower points to lighter categories. (Weighted scoring system)

In the regional championships other than Japanese and European, each region was assessed equally and allocated the same points to each national championship. When we compare the regional and national championships, the regional championships are obviously evaluated higher than the national championships.

We gave the higher scores to the Kazakhstan championships, considering the past results of Kazakhstan fighters in World level Championships.

The seed ranking of the tournament is sorted as the following.

1st seed: Top 2 fighters

2nd seed: 2 fighters out of the top 4, excluding the top 2 above

3rd seed: 4 fighters out of the top 8, excluding above 1st and 2nd seeded fighters

4th seed: 8 fighters out of the top 16, excluding above 1st, 2nd, and 3rd seeded fighters

5th seed: 16 fighters out of the top 32, excluding above 1st to 4th seeded fighters

To set the tournament draw, we distributed the specific place by seed ranking in a manner to balance the competing ability in each block (A-D). We allocated the competitors to the designated place in the order of ranking, i.e., from the competitor who had a higher seeding evaluation. The approval of seed ranking is made by the “General Evaluation System”. While the above point system is prioritized, the Executive Committee Members have reviewed if the ranking result is appropriate, considering the competition results in the last two years.

For example, we lowered the seed ranking of lightweight fighters such as Mr. Nariyoshi Tada, Mr. Hotaka Yoshizawa, and Mr. Tenshin Sawai of Japan (middleweight, light middleweight fighters are likewise) although they had higher points. This is because, although they have excellent results in their weight categories each year, they can't be highly evaluated in the Open weight category. Mr. Tada won 2nd place in the All Japan Championship in Open weight in 2021, but he lost in the 1st round in 2022. Thus, his evaluation is down in terms of stability.

Regarding the allocation of the seeded players and unranked players, we considered their past matches in regional or national championships, weight distribution balance in each block, teacher-apprentice relationship, and potential ability of the high-level athlete who had remarkable records outside the evaluation period.

As to the given points to the non-WKO hosted championship results (exclude JFKO), we exclude them from the calculation and served only as a reference.

I report here that we proceeded with the tournament draw by such a “Hybrid method” in which we used the regular point system, combined with the tournament record evaluation of the designated period and the objective assessment of their match details.
