### 1. Message from WKO President

Dear Branch Chiefs and Contacts,

Thank you for your continuous support towards the further development of WKO. In Japan, we are in the middle of spring, and in Tokyo, the cherry blossoms are in full bloom. With the easing of the COVID-19 related restrictions, there is an increase in overseas visitors, and energetic crowds have returned in various areas of the country. I hope that you are all doing well in your country and region.

Our World Championship is approximately 6 months away. I believe that the selection process in the various countries and regions are being carried out in an active manner. By the time this newsletter is sent to you, in Europe, the European Championship hosted by the Sweden Branch, mainly led by Shihan Brian Fitkin, Shihan Howard Collins, and Shihan Michael Soderkvist, will be organized in a successful manner. For the European competitors, I hope that you will demonstrate the results of your training, do your best, and achieve a result that will secure your selection for the world event. I would also like to express my sincere appreciation towards the hard work of the Sweden Branch to organize such a wonderful tournament.

In Japan, the second selection for the Japan National Team will be carried out and finalized based on the results of the 8<sup>th</sup> All Japan Fullcontact Karate Championship that will be held in Osaka on May 20-21. I believe that selection tournaments will also be held in Asia and other regions, so I have high expectations for the great effort of the competitors. I firmly believe that in the World Championship held every 4 years to decide the No. 1 Karateka in the world, the competitor that reaches the top, is the one who went through the hardest and toughest training in the world, by making use of each moment of each day, and becoming the winner in the constant battle within the heart and mind. For all who aim for this tournament, there is a chance, so I hope that you will pursue the hardest and toughest training in the world. In addition, the event outline for the new program, the Kata Category is finalized, so please confirm the details. For the

## World Karate Organization

Karateka who desire to take part in the Kata Category, please take this chance and challenge for it. To have the most skillful and beautiful techniques in the world. To carry out techniques with convincing strength, and to demonstrate the infinite possibilities of Kata. I will be looking forward to seeing such Karateka at the tournament. Let us continue our research of the various positive elements of Karate, and make use of the infinite possibilities we are given.

At the WKO Headquarters, the main preparation work for the tournament has started. Various information will be announced to the Branch Chiefs and Contacts. Please read through them carefully, and follow the presented deadlines. I kindly ask for your understanding and support so that the burden on the staff can be lightened as much as possible. Let us have in mind, to aim for 1 step by 100 people, instead of 100 steps by 1 person. In relation to the WKO Headquarters, Mr. Hiroshi Tanaka, who worked for the organization for a long time, will be leaving the office at the end of March. His high-level English was beautiful, and he was careful, kind, and demonstrated intelligence in his work. More than anything, he experienced Full Contact Karate, made the effort to learn about it, and showed his love for it in his work. He will still be connected to the organization as an adviser to the WKO Headquarters, and if it is ok with his schedule, he will participate in international/world events as an interpreter and support staff. Although his position will be different, I hope that he will be able to assist in the further development of WKO. I would like to thank him for his hard work. Ms. Shiori Emoto, who will be his successor, is also a capable and energetic person, so I kindly ask for your guidance and support towards her.

Lastly, the prolonged COVID-19 crisis, the problem in Ukraine, and as in the recent earthquake in Turkey, we continue to face many regional conflicts and natural disasters in the world. I can see on the internet and social media, images of children around the world, training Karate, especially the new white belts, full of energy and kiai in the dojo. The kindness and strength developed through Karate. The appreciation and warmheartedness towards others, and filial piety. Through the worldwide promotion of Full Contact Karate, which has such essence and spirit of Budo as its foundation, we would like to contribute to the realization of peace in the international community. I kindly ask for your continuous cooperation and support.

## World Karate Organization

---

Although we understand that some Branches/Countries have their own method, the forms helped us to do administrative work efficiently, and we appreciate your kind understanding.

### ④. Invitation of Japanese Instructors

The WKO office receives numerous invitations for Japanese instructors every year. Standard procedure calls for the Official Invitation Letter to be sent to the WKO Office with the necessary information filled in. The invitation becomes official only when the letter arrives at the WKO Office. Please refrain from direct negotiations with Japanese instructors, for it will only lead to problems in the future. Finally, we would like for all to understand that an agreement based on direct negotiations will not be considered an official invitation.

### ⑤. Acceptance of Students from Overseas Branches

Every year, numerous students from overseas branches visit Japan for the purpose of training. When a student wishes to visit Japan for training, standard procedure calls for the Branch Chief or Contact (who the student belongs to) to contact the WKO Office of the ideal time frame, dojo, and detailed information (name, dan/kyu, age, etc.) of the student. The WKO Office will confirm the content of the request with the Branch Chief/Contact of the dojo in Japan. In a case where an overseas student goes forth with his/her training in Japan without consulting the WKO Office, it would delay the response time of the WKO Office if an emergency happened to occur. To assure the safety of the students, we ask for everyone's cooperation in this matter.

### ⑥. Centralization of communication between Overseas Branches

It is required that communication (related to events within the organization) between Overseas Branches and Japanese Branch Chiefs & Contacts be exchanged through the WKO Office. Translation of documents (Japanese⇔English) will also be managed by the WKO Office. In order to avoid any unnecessary problems and confusion, we ask for everyone's cooperation in the centralization of communication between overseas branches.

## Personnel change in the office

As we have notified you by e-mail, Mr. Hiroshi Tanaka, who has worked at the WKO Headquarters for a long time, will leave the office at the end of March. We welcomed him to the office when he was 24 years old, and we have worked together for 16 years, so it is sad and regretful to see him leave. I have considered and treated him like a younger brother, and at times, even like my own son. I would like to express my best wishes for him on his new challenge in a new field, and at the same time, maintain a long-lasting developmental relationship with him, that will enable him to support and contribute to the organization, as an adviser to the WKO Headquarters, making use of the experience and knowledge he gained in the 16 years he worked for the organization. I ask for your continuous understanding and support.

I wish to express my sincere appreciation towards the kind and warm messages sent to him by everyone around the world.

As WKO, the organization has grown yearly with the increase in the number of affiliated countries and areas. With such expansion, the communication with the Branch Chiefs and Contacts, the administrative work and management of the World Fullcontact Karate Organization, and the WADA related work that requires a high level of expertise, all have increased. It can be said that the newly introduced Kata category is another example of the growth of the organization. Due to such background, we have welcomed Ms. Shiori Emoto to the office from September 2022, and with the senpai staff Ms. Ai Mitobe, and Ms. Aya Suzuki who is in charge of PR tasks, we have continued our duties, but we aim to further strengthen our staff team.

In addition to increasing our efficiency by utilizing IT (information technology), it must be said that the WKO Headquarters administrative work to support this Budo organization with a unique culture is not an easy task. While receiving cooperation from your side, the WKO Headquarters staff will continue to develop and grow, so I kindly request for your continuous guidance and support.

We will continue our careful preparation work for the 13<sup>th</sup> World Open Karate Championship, so that all of you will be able to visit and stay in Japan in a comfortable manner.

Yasukazu Koi

WKO Executive Director

Farewell Message (Hiroshi Tanaka)

I hope that you are doing well.

I would like to inform you that I will be leaving the WKO Office at the end of March 2023. Today, March 31 will be my last day at the office.

My sincere apologies for informing you of this by e-mail and not being able to tell you this in person.

Thank you for your cooperation during my time at the office. In the 16 years that I have worked for WKO, all of you have been very helpful and supportive, and I sincerely appreciate your kindness. I am very happy that I was able to work at WKO from my early 20s to the age of 40, and under the guidance and leadership of Executive Director Koi, I was able to learn many things, and he guided me and supported me throughout my time at the office. In the communication and exchange with the Shinkyokushin family spread across 103 countries and areas, I was able to feel and understand at the frontlines, how large and unique the world actually is, and this will be something that I will treasure for the rest of my life. With the many things that I have learned during my time with WKO, I will continue to do my best to further develop and grow.

Even after I leave the office, I will be appointed as an adviser to the WKO Headquarters, and I sincerely appreciate the opportunity and connection given to me by Executive Director Koi. Although from a different angle than before, I am grateful that I will be able to contribute to the organization as an interpreter and support staff at future international/world tournaments.

Thank you for everything and I will continue to pray and wish for your good health and prosperity.

Best regards,

Hiroshi Tanaka
